

SIZING TEMPLATE INSTRUCTIONS

On a white piece of paper, write your message or graphics to the size you require. Then place this template over your message to see which stamp size best fits your needs.

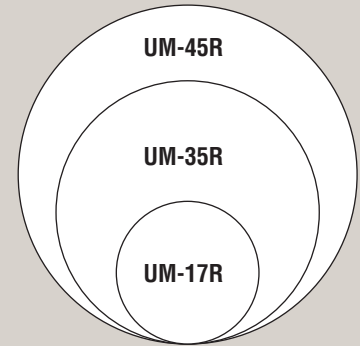

ULTIMARK PRE-INKED STAMP

Featuring a large index area on the front of the stamp, you are assured of choosing the correct stamp each time. Heavy duty, flat die plates ensure even, consistent impressions. Each Ultimark pre-inked stamp has a dust cover to protect the stamp die and keep ink from coming in contact with your desk or other surfaces when the stamp is not in use. Microscopic ink cells hold enough ink for thousands of impressions.

It's that simple with Ultimark pre-inked stamps. You don't need a separate stamp pad because the ink is in the stamp. You'll get clean, crisp impressions every time you use your Ultimark pre-inked stamp. After thousands of impressions, just re-ink your stamp for thousands more.

Refill ink is available in 1/2 oz. (15cc) and 2 oz. (60cc) bottles.
